The Eternal speaks

To Olaf Scholz and Emmanuel Macron

Compromises are only made by them who agree without a doubt that none of them knows either the answer or the way. So they throw the dice or immediately the tanks into the field. After that, they grin consummately, because each of them thinks they have shown the other one off. They actually think they are sovereign, sit next to each other on the toilet, holding hands and being cheerful-friendly, and then, smiling, distribute the ominous stinking result of their playful-rabid bowel movements on the European test field. All resistance looks on here sticky and burrowing, that all the global players really don't know where to go with their winnings. The common stench reaches into the boundless sky!

Napoleon was the first to march into Russia with an imperialist claim to education, then Adolf Hitler followed with his supposed right to a National Socialist leadership against the rest of the world. And now it is even the entire western alliance that intends to impose its pervers-murderous economic-capitalism as the only true, right and just hegemony on the global community of all peoples and nations. The Euro as a sacred standard and meaningful standard of life!

It doesn't get any sicker than that!

To Volodymyr Zelenskyj

Truly, truly, truly

A people, i.e. a community, which submits to a flag, i.e. a piece of cloth, and is even willing to give up its life, i.e. the holiest of all, (for this Focus of ARD, Thursday, January 19th, 2023), this people, **YES**, this community was and is not worth a single breath.

Do you hear me you Jew psychopath and TV mumbo jumbo, **YES**, this community is not worth a single breath.

And you are the leader of this worthless community, you think of yourself as its measure and meaning giver. **YES**, and you're just their murderous standard bearer, in the midst of an apocalyptic ruin; and you have no idea how much you stink of rot, of decline, death and decay.

And you actually think you're a winner?!

Verily

Look in the mirror of history, you gnome, and tell the global collective of all peoples and nations that you see a winner in this, you small-minded fool and murderous clown!

However, I tell you!

You are not a winner, but one of the greatest and most sinister psychopaths in contemporary history. You are indeed ready to sacrifice the people for a flag. **YES**, you are sacrificing the people of Ukraine for a flag just to carry it in front of you as President and to hide behind it! Flag and title are truly more important to you than the holy of holies! You are a killer for the sake of your vanity! You are only interested in your self-importance, which alone sanctifies darkness! Your Minister of the Interior thanks you!

I know how sick you are!

And my word stands

I Am. And I lie bedded in the dust. Herein my word written stands for eternity.

And

I am

The Risen, Nameless, Unnamable, Holistic and Indiscriminate
