The Eternal speaks

Well

I comment here on the "Quote of the Day" in the ZDF-text panel 550, from today, Thursday, March 2nd, 2023:

"Ideals are like stars, you can't reach them, but you can use them as a guide."

by Carl Schurz

But I tell you

This statement is wrong. This is how **Satan** speaks, explains and justifies himself, that **demon** of absolute evil, the **bastard** of the apocalypse, i.e. my **adversary**. **It** is that Time-Spirit that lives in lies, in coins, in weapons, in violence, in ignorance, in faith and in conviction. Those turning point of Olaf Scholz time, is whose killing spree.

So

Either you follow **him** or **me**.

So I testify to you once more

All politics have failed, globally and without exception
All religion has failed, globally and without exception

Verily, verily, verily I testify to the global collective of all peoples and nations

The Alliance **GRAL** is the sacred cradle of enlightenment, light, truth, all-unity, global recovery, certainty, liberation, peace, justice and thoroughness.

And my word stands

I Am

The Risen, Nameless, Unnamable, Holistic and Indiscriminate

Anti-Semite, Anti-Christ and Anti-capitalist, so Anti-fascist
