The Unborn speaks

And am I the voice of the universal all-unity

I want to talk about what's happening in Lebanon

And I bear witness to the global collective of all peoples and nations

## **The elites lie, cheat and destroy all you**

### **Testament of the Unborn**

Even if only one in the limitless universe recognizes me,  
or on the wide earth,  
then this is more significant,  
as when everyone else denies me,  
or they turn away from me,  
or fight against me.

Verily, verily, verily

### **War finds no Peace No - Not - Never**

### **The warrior**

He understands something about weapons,  
War and strategy.  
Of attack, defense  
And atomic energy.

He trains in hand-to-hand combat,  
Teaches weapon use.  
But he knows nothing from peace:  
How should he also?

### **Beyond war**

When weapons speak  
then it's fast explained  
the war is broken out:  
What went wrong?  
Who does the outbreak serve?  
who was so stupid,  
and freed him  
from his iron cell?

The war is not new,  
that much is clear.  
Auch wenn er gefangen war,  
he was there after all.  
Your peace is therefore  
a chained war!  
Yes, where is he then,  
the final victory?

## Parable of false peace

Two warriors fight against each other. The fight had been going on for a long time and was repeatedly interrupted by many ceasefires, which were considered a time of peace by all those involved. But the opponents always and only used these interruptions to heal injuries, gather strength, test more sinister weapons and try out new fighting techniques. Everyone consulted with their friends, looked for the enemy's hidden weaknesses and came up with additional skills and strategies. But no one thought about or looked for ways to end the senseless and disastrous war. After the battle always meant before the battle, and the fever of war increased from theater to theater. Finally one manages to kill the other. He noisily declares his victory and proclaims to everyone present the long-awaited peace that has now and finally been achieved with and through him. "What peace are you talking about, you murderer and manslaughterer?" asks a listener standing by. "I don't know what you mean," replies the despot, rabid, argumentative and incompatible, "you see my opponent here, slain in his blood. So I am the clear winner, the war is ended and peace is given". "But you're still here," the stranger objects, "how can there be peace? The enemy that you believe you have slain here still, he lives furthermore within you. And this more powerful than ever before!"

And the warrior raised his sword against the stranger, this who suddenly withdrew.

## Wise and Right

Step back, O angry warrior:  
Just one step – and you are the winner!  
And learn to argue without the war:  
Learn in humility, what is wise and right!

Lower your sword, against the urge:  
withdraw from the enemy and deny the coercion!  
And immediately it opens, silent and wide,  
the path of the eternal, in space and time.

And if the path appears, previously unrecognized,  
already true before time - Named by many.  
Than you approach and do not be afraid:  
And walk peacefully, into a different light!

Truly I say to all you

## A fascist is and is called the worst enemy of peace

Anyone who starts a war and wages **HE/SHE** is always a **fascist**, as is every person who affirms, supports and fuels the war. Anyone who promotes war, in whatever way, is always and everywhere embedded in hatred. And whoever is bedded in hate, he then sees every opponent as an enemy and as a result agitates against every contradiction.

Truly I say to all you

I walk beyond space and time and know the path to salvation.

And I bear witness to the global collective of all peoples and nations

## No religion, no politics and no ideology can and will save all you!

And certainly not the noise of the gun fool

## And my word stands

And my name is
