The Eternal speaks

And am I the voice of the Universe

I have a few words for Sarah Wagenknecht

So Sarah

I stand behind that concrete wall (i.e. beyond your horizon), look „through it“, see through your shadow and your prison space, i.e. through **your self-lie-world-existence**, and know about the needle eye of the exit!

And it is neither difficult nor easy for you, but simply a question of wanting!

My word stands

Please pass it on to her

Regarding the saying of the day in Bayern-Text / Board 501 from today, January 11th, 2024:

You can't overtake anyone if you follow in their footsteps, by Françoise Truffaut

But I tell to all you

**All-Greatest includes All-Smallest
All-Smallest permeates All-Greatest**

Verily! All Understanding, all knowledge and all wisdom of the Eternal and Holy One is here embedded.

So listen

**Peace is before the war
The answer is before the question**

So and thus

The question can catch up with the **answer** and go with **it**, but it can never overtake **it** or even precede **it**, because the question dissolves in the **answer**, so becomes **ONE** with **it**. And if the **answer** is the **goal**, everyone will reach this **goal**, if they follow in whose footsteps, this is arrived **here**, and therefore stay, live and rests here! And there is no one and nothing, that can be overtaken!

Verily, verily, verily

Whatever you are really looking for, it will find you! And only those who bow will drink from the pure source.

So and therefore

Whoever stands firm and bends down, will not fall, for he is called Carried!

Woe to those who are now supplying weapons to Ukraine! Woe to you! It would be better if you weren't born!

And my word stands

And my name is
