The Unborn speaks

And am I the voice of the universal all-unity

I tell all you

Those who understand their standing, know their walking

Friedrich Merz has already caused more harm than all previous governments since the founding of the Federal Republic of Germany.

For Donald Trump

So Donald

The lifting of the arms supply ban to Ukraine, in connection with the desired ceasefire, this decision was not only a major mistake, but a documented and undeniable indication, that you are not only unable to cope with the situation, but are completely overwhelmed with it.

Because with your decision, you exerted pressure that was not only misplaced here, but also revealed the coercion to which you yourself succumbed. Thus, you revealed to Vladimir Putin that not only do you not dominate the situation,, but can only control it if he also submits to your control. You attempted to incapacitate the Russian president, you attempted to coerce and discipline him. This has nothing to do with sovereignty, greatness, and strength; it reveals weakness, disorientation, conceit, and overconfidence.

Furthermore, with this decision, you placed Volodymyr Zelenskyy in a position of perceived strength, which is far from the case. Before his presidency, Zelenskyy was known and popular as a television clown in Ukraine. He still draws on this image today. But he is still a clown, and he must resign.

I want to assure you that the answer never exerts pressure or imposes coercion, it does not humiliates or discipline, it does not lie or deceive, it does not abuse or threaten, it does not judge or punish.

And I testify to all idiots.

Armament, Militarization and violence have absolutely nothing to do with strength, but are solely, everywhere and comprehensively evidence of weakness, fear, insecurity, unreliability, instability, grievance, confusion, stupidity and defiance.
